

DISTRICT K. P.
ENTERTAINED

Three Grand Lodge Officers Attend
Convention Thursday—List of
the Delegates.

Diadem Lodge No. 81, Knights of Pythias, gave the Sir Knights of this district handsome and suitable welcome when they met here in annual convention Thursday. The Stanford K. P. boys were never known to do things by halves, and their entertainment of the district body was provided in the usual fine style.

Grand Chancellor R. A. Young, of Winchester, Grand Keeper of Records and Seal, J. W. Carter, of Lexington, and Superintendent of the Widows' and Orphans' Home M. G. Moore, of Lexington, were the grand lodge officers who honored the district convention with their presence, as did District Deputy Hon. J. R. Dorman, of Nicholasville.

About a hundred delegates were present from the various lodges of the district, and all seemed to enjoy themselves and appreciate the hospitality of Stanford, and Diadem lodge.

Formal lodge and business sessions were held in the castle hall of Diadem lodge in the afternoon and again in the evening. Addresses to the knights were made by the grand lodge officers here. In the evening after lodge work had been exemplified, the members all adjourned to the opera house where the moving picture scenes of the Widows' and Orphans' home at Lexington were shown to large crowds in addition to the regular fine Paramount program. Afterward, a supper was served to the visitors at The Princess, which wound up a day full of good things for the visitors, who departed with loud praises of appreciation for Stanford and her people.

A register kept in the lodge room of the visitors who attended the formal sessions, showed the following names:

R. A. Young, G. C. Winchester; J. W. Carter, G. K. R. S., Lexington; M. G. Moore, Supt. W. and O. Home, Lexington; J. R. Dorman, D. D., Wilmore; J. T. Underwood, Danville; Geo. E. Lowry, Wilmore; J. R. Chambers, Nicholasville; Harvey Magee, C. E. Clark, J. H. Sager, Smith Simpson, Joe Woods, Lloyd A. Houchin, D. S. Wornack, of Wilmore; I. J. Holtzclaw, C. C. Lancaster; R. D. Smith, B. L. Harrison, F. R. Ross, F. F. Thompson, R. M. Hunter, Wm. Canter, J. Will Duncan, J. B. Peel, J. D. Boone, J. R. Williams, of Nicholasville; J. H. Stutts, J. R. Dorman, Joe Wood, J. B. Jewell, W. G. Leavell, J. M. Stull, J. R. Chambers, C. C. Woodard, R. L. Baker, T. L. Kissick, E. Moody, D. Carter, W. B. Glass, J. H. Combs, G. W. Moody, Ray Bishop, W. B. Blackford, Clint Woodard, Geo. Glass, S. A. Bowen, E. Houp, and C. M. Stull, of Wilmore; I. J. Holtzclaw, Lancaster; David Bell, Nicholasville; Dr. Pryor, R. H. Tomlinson, J. A. Beazley, of Lancaster; Harry Simmerman, W. B. Moore, Jos. Viehl, S. C. Pollard, J. B. Tadlock, of Danville.

D. A. R. ENTERTAINED.

One of the most attractive affairs of the week was the regular meeting of the Logan-Whitley Chapter of Daughters of American Revolution, at the home of Mrs. J. C. McClary, on Portman avenue. Wednesday afternoon. The members had a regular business meeting at two-thirty, and it was definitely decided they were to have another picture show in a few weeks. Later in the afternoon Mrs. McClary and her guests, Mrs. Robert Todd, Mrs. George B. Cooper, Mrs. Joe B. Paxton, Mrs. T. K. Watson and Mrs. M. D. Early. A very interesting Revolutionary War asstetic, which was originated by the hostess, was given to each person. Mrs. Cooper was lucky in the draw for a lovely box of candy. Mrs. McClary in her usual gracious southern way, served a delicious salad course, being assisted by her daughter, Mrs. Shelton M. Saufley. The members of the Chapter who were also the guests of Mrs. McClary were Mrs. Wm. M. Bright, Mrs. Shelton M. Saufley, Misses Sue Rout, Jennie Warren, Esther Burch, Levisa Harris, Josephine Carpenter and Nancy Yeager.—N. Y.

DR. DARLINGTON HONORED
Husband of Stanford Girl Heads Big Methodist College.

Much interest has been caused here and elsewhere in Kentucky over the announcement in the Huntington W. Va., papers that Rev. U. V. W. Darlington, has been elected president of Morris-Harvey College at Barbourville, W. Va. Dr. Darlington married Miss Virginia Bourne of Stanford, and has a great many warm friends and admirers in Kentucky, his native state. The Herald-Dispatch, of Huntington, in telling of the matter said in part:

"This is an announcement which will create a degree of surprise which will amount to a sensation in the bounds of the Western Virginia Conference of the Methodist Episcopal Church, South, in which there is no other clergyman so well known as Dr. Darlington. The new president has for the last three years devoted his energies to the upbuilding of Morris-Harvey College, the official educational institution of the Conference. When he concluded a pastorate of four years at Johnson Memorial Church he accepted the post of Conference Secretary of Education. He held this post a year and the second year performed the duties in connection with those of presiding elder of Ashland district. During the present year his attention is being engrossed by the duties of the secretaryship. During these years he has done substantial work toward the creation of a \$100,000 endowment fund for Morris-Harvey, while this year, through a campaign for one dollar subscriptions he has practically lifted the floating debt of the institution."

U. V. W. Darlington was born in Shelby county, Kentucky, August 3, 1870. He was educated in the common schools of his native county and at Kentucky Wesleyan College where he was prepared for the ministry.

He was admitted to the Kentucky Conference of the Methodist Episcopal Church, South, in 1896 and was made pastor of East Maysville and Washington Stations. His next station was Millersburg, where he spent one year.

The next year he went to Covington, his first important station, where he spent four years, thereafter transferring to the Western Virginia Conference to be pastor of the First Church at Parkersburg.

After Parkersburg he came to Huntington to be pastor of Johnson Memorial church. It was under the inspiration of his leadership that the church erected its present magnificent edifice. No pastor who has served in Huntington has been more deeply loved by his own people than was he—few if any have achieved such popularity without the bounds of his denomination. He has continued to live in Huntington and is loved and admired by hundreds of people. No selection which could have been made in the matter of the presidency of Morris-Harvey could have been more popular than this bids fair to prove. Dr. Darlington was given his degree, Doctor of Divinity, by his alma mater, Kentucky Wesleyan, two years ago."

HANDSOMEST
STORE IN STATE

Will Be Formally Opened to Friends
By Welsh & Wiseman at Danville
Saturday, April First.

What is said to be the handsomest store in Kentucky, regardless of anything, will be formally thrown open to the public at Danville Saturday when the magnificent building of the Welsh & Wiseman Company will have its opening. Finished on the outside in cream colored brick, with a front that for beauty and expression of good taste is without an equal anywhere, the building is one of the handsomest from an outside view to be found in Kentucky. In its three floor furnishings and equipment within, however, it is that the rare good taste of the true connoisseur has been shown. From top to bottom every stick of the furniture is of mahogany. Every article of furniture, every showcase, and all the furnishings are of the very latest design and model, chaste and conservative with an elegance and richness which commands instant attention. A host of people from this section are preparing to inspect the beautiful building Saturday.

The building is practically four stories in construction. There is a basement with concrete floor under the entire building. All goods are opened up in the basement and made ready for the sales rooms. All boxes are taken into the basement by means of a pavement elevator of the latest type. The basement is thoroughly ventilated. The building is heated by a complete steam plant.

The first floor is used for the jewelry, piece goods, gloves, hosiery, underwear, notions and fancy articles. In the rear is a most complete department for high grade shoes for ladies, misses and children. The fixtures are all of the best mahogany, as are also the woodwork in the elaborate show windows. In the mezzanine floor are the cashier's desk, private offices, ladies' rest room and general offices.

On the second floor is located the ready-to-wear department, corset and the new juvenile department, and the beautiful new millinery department, fitting rooms, costume rooms, menslin underwear department. This floor is one of striking beauty and is handsomely equipped.

On the third floor are the carpets, matings, lace curtains, window shades, upholstery goods, blankets, comforts, trunks, suit cases and hand bags in endless variety. The building from basement to attic is protected against fire by a sprinkler system of the best type. The building is supplied with water, gas, both the water mains in the street and a large tank on top of the rear of the building. The various floors are reached by means of a stairway and an electric elevator of the most approved design.

LATEST FROM MEXICO.
It was reported to army authorities that Villa had murdered an entire garrison of 172 Mexicans in the Guerrero district, and was headed for the headwaters of the Santa Maria River, near the border, where United States and Mexican troops were believed to be closing in on him.

WALLS—WILCHER
Miss Mary L. Walls the pretty 17-year-old daughter of W. F. Walls, of the Green River section, was married at the court house by Judge J. P. Bailey Wednesday, to Henry Wilcher, aged 25.

THE ROWLAND CHORUS CHOIR
Special attention and the greatest amount of aid, as well as encouragement, should be given to the young people of Rowland, in their new movement known as the "Rowland Chorus Choir." This new organization of the young people is operated under the auspices of the "Rowland Union School," and is under the direction of Lyman M. Pence, who is a competent and experienced young man in choir work. The work of this choir is progressing very nicely and all are proud of the fact that the young men, especially, of this vicinity are taking a great interest in the movement. We will have some special choir books here within a short time from which we shall learn many beautiful songs to be sung to the glory of God. The weekly song service of the choir meets in the church every Sunday night at 7:00 o'clock p. m. We invite everybody to attend this service. Please don't forget to attend Sunday school at 2:30 p. m. This is a special invitation to you to attend both services. Remember the time and come. Those taking part in the choir are: Male Voices—Messrs. Edgar L. Martin, Roy M. Ware, Ernest Deatherage, George Moore, Andrew Tapp, F. P. Hays, Harry Harris, John Martin, Ernest Hunt, Will Ashlock, Marshall Brent; Female Voices—Misses Lena Tap, Roxie Martin, Sue Logan Smith, Agnes Naylor, Mattie Bunn, Alpha Harris, Lena Foreman, Eva Martin, Alma Martin, Fannie Cormack, Nora Rice, Myrtle Sutherland, Bettie Kidd, Sallie Mae Parsons, Alma Land; Mesdames Sallie Newcomb, Patience Pritchett, W. C. Camden, R. L. Albright; Lyman M. Pence, Director.

HAS EIGHT CHILDREN.
Mrs. P. Rehkamp, 2404 Herman St., Covington, Ky., writes: "I have been using Foley's Honey and Tar for nearly two years and can find no better cough syrup. I have eight children and give it to all of them. They were subject to croup from babies on." It is a safe and reliable medicine. Sold everywhere.

NICHOLASVILLE POST-OFFICE
To Be Filled In April by Democrat—Applicant Was Here

Among the visiting K. P.'s here for the convention Tuesday was David Bell, a prominent business man of Nicholasville, who is one of the two contending applicants for appointment as Postmaster of Nicholasville. The term of the present republican incumbent expires in April, and Congressman Helm is expected to make a recommendation at once to fill the place with a democrat, as the republican has held on three years under a democratic administration and the democratic applicants for the place are hungry for the "pie." Mr. Bell's opponent for the place is Editor James Stearns, of the Nicholasville News, who is said to be expecting Congressman Helm's endorsement. The fact that one of the chief backers of Mr. Bell for the place, however, is Bob Hunter, who has led Congressman Helm's fight in Jessamine county for a number of years, is said to make Mr. Bell believe that he has a royal chance for the appointment. Mr. Hunter was here at the convention also, but had nothing to say for publication regarding the postmastership fight at Nicholasville. His friends intimated, however, that he has no doubt of the appointment of Bell, declaring that Hunter has had assurances for some length of time which leave no question of where the appointment will go.

IT'S NO REFLECTION ON YOU

It is no reflection upon a single subscriber to the I. J. that it is asking each and every one of them to pay in advance for their subscriptions. The I. J. is compelled to take this step simply because of the enormously increasing cost of white print paper. The I. J. knows that each and every name on its list is good for that dollar whether paid at the beginning or the end of the year and the fact that it is stopping the paper of those who have not paid for a year in advance is no reflection upon a single one of them whatsoever. It is simply a business matter, pure and simple. The daily papers and magazines all follow the same policy of stopping a subscriber's paper when the time is up, unless paid in advance for another year and the I. J. is compelled to operate on the same plan in the future. Better look on your label and see how you stand so as not to miss a single issue.

MEADORS TURNS UP.

Henry Meadors, of Danville, whose unexplained absence from home caused a search to be made at Lexington and elsewhere, has returned from Florida, to which State he says he made a flying trip on business. Mr. Meadors is supposed to be a large consignee of live stock in Williamsburg, a week ago, and decided to make the southern trip. He neglected to notify those at home of his plans.

DUNCAN

Our well-known merchant, Mr. E. P. Claypool, or better known as Ed, is again on his feet. He has improved considerably since our last letter to the I. J.

The farming is now being conducted rather hastily in this section, as the weather seems so uncertain, the farmers seem to want to make things happen while time is flying.

Virgle and Ethel Thompson, were guests of Eugene and Tom Meade, a few hours on Friday last.

Misses Bessie and Lucille Reynolds of Kings Mountain, were present at a social given at this place last week.

Miss Anna Smith was a visitor of her friends, Mrs. Clara Sims on Tuesday evening.

Misses Belle Griffith and Rozella Foley, were guests of Miss Addie Meade Sunday afternoon.

Rev. Bottoms passed through this place Saturday afternoon, on his way to Kings Mountain where he is pastor of the Christian church at that place.

Mr. Luther Elliott, of New Salem, was in this community last week, trying to buy hogs, but found a shortage on the market here.

Mr. Virgil Thompson is at home after being so far away as Harlan, but we "guess" he thinks he's been to Germany.

Mrs. Falconberry, who lived near Waynesburg, died last Sunday morning. She was the mother of J. J. Falconberry, of this place. He has our sympathy in this sad hour.

Mr. Arthur Sims was a visitor of Mr. J. M. Doan again Sunday. They must be on a trade of some kind as he is a visitor there quite often.

It is not a day for trading, but by the way, Mr. Doan has a very attractive daughter, which probably accounts for it all.

Misses Della and Ida Napier were at this place Sunday.

Mr. J. G. Truist moved last week from Dr. Caldwell's farm here to Mrs. Anna Powell's place.

Mr. Fred Sims as purchased a new up-to-date set of blacksmith tools and will open up for business in a short time at the place he and his wife have recently moved to, which is Duran Smallwood's farm.

Mrs. Bertha and Clara Sims were welcome visitors of Mrs. J. C. Smith recently.

The many friends of Mrs. M. C. Carr, of Lexington, hated to hear of the great misfortune she had last week hurting her eye so badly, but hope it won't prove fatal.

Changeable Weather Brings Sickness
The changeable weather of March causes coughs, colds, croup and grip. There is no such thing as a "light cold"—none that a person can safely neglect. Foley's Honey and Tar is a safe and reliable family medicine that heals inflamed, congested air passages, stops coughs and eases breathing. Sold everywhere.

News of the Churches

Services at the Christian church Sunday, April 2, Sunday school at 9:30; preaching 10:45 and 7 o'clock; C. E. meeting at 6:30. We want 350 in Bible School—so come.
Presbyterian church Sunday, April 2: Sunday school 9:30; service 11 o'clock. "The Supreme Mission." The Every Member Canvass Sunday afternoon. Mission Band at 2:00 o'clock. C. E. Meeting 6:45. Consecration of Time, Ps. 90. Service at 7:30—not 7:00 o'clock. "Principle or Policy, Which?"
At the Methodist church a full attendance of the members and friends is desired. Interest in the new church project is becoming intense, and a further discussion of the matter is planned on Sunday morning. Come with a proposition ready to present. Come early. Sunday school 9:30; morning service 10:45; Epworth League 6:30; evening service 7:00 p. m.

At eleven a. m., Sunday, the Lord willing, the pastor of the Baptist church, will preach a special sermon on the Lord's Supper. Evangelistic service beginning at 7:30 p. m. Every member of the church is urged to be present at the morning worship. Also he extends a special invitation to the members of the church, and who would like to know at first hand the Baptist position touching this greatly misunderstood subject. It will not be the purpose of the pastor to draw comparisons, but simply give the Scripture teaching on the subject, as the reason for their position touching the Lord's Supper.

General News Notes

Carranza's agreement for "commercial" use of the Mexican Northwestern railway for transportation of supplies to the American expedition hunting Villa is not satisfactory to the United States, it is said, but shipments will be attempted under the rules prescribed, and no effort is to be made at present for further agreement. It is reported that no train has left Juarez in two days, and the problem is now regarded as mysterious.

The anxiety of the Washington Administration in the delicate situation which has arisen due to the attacks on several unarmed merchantmen was increased yesterday when no word was received either directly from Berlin or from Ambassador Gerard. It is supposed that the German Government is awaiting reports from all of its submarine commanders before accepting responsibility for the Sussex disaster or the attacks on the Englishman and Manchester Engineer.

WANT EIGHT-HOUR DAY.

Four prominent railroaders, representing men in all branches of service on the Cincinnati, New Orleans and Texas Pacific Railroad, were in Stanford Thursday, in the interest of the movement of the men employed on that great road to obtain an eight-hour work day and "time and a half" pay for overtime. The men found a great many sympathizers with their movement here and received much encouragement. Those who were here were all from Danville, and were Walter A. Griffith, representing the Brotherhood of Locomotive Firemen; A. J. Litton, representing the Conductor's organization; R. H. Snowden, representing the engineers and N. C. Thompson, representing the Brotherhood of Railroad Trainmen.

Charlie Benedict, who has been in Illinois all winter, writes that he will be at home about April 1.

Mr. Ambrose Wilson went to Mt. Freeman last Sunday and was the guest of Orla Clem.

Mr. Joe Dreiser went to Germantown last Sunday calling on his best friend.

T. F. Benedict passed through here a few days ago on his way to Louisville, where he purchased quite a lot of goods for his store at Creston.

Mr. Frank Kauffman has returned to his home at Bowen, after a protracted stay in Kansas.

Mr. John Maxy, of Danville is the guest of her mother, Mrs. D. M. Onan. News comes from Lincoln, Illinois announcing the marriage of Miss Carrie Wilson to Mr. Richard Sengotta, a very popular young gentleman of that place. The ceremony was performed at Peoria, on Saturday, March 14th. Miss Wilson spent most of her life in Lincoln and Boyle until a few years ago she went to Lincoln, Illinois, where she has resided since. The happy pair have a host of friends and friends back here who wish them every happiness.

CANNOT PRAISE THEM ENOUGH
Many sick and tired women, with aches and pains, sore muscles and stiff joints, do not know that their kidneys are out of order. Mrs. A. G. Wells, Box 90, Route 5, Rocky Mount, N. C., writes: "I am taking Foley Kidney Pills and cannot praise them enough for the wonderful benefit I derived in such a short while." Sold everywhere.

TEN PER CENT TO
STOCKHOLDERS

Of Defunct State Bank & Trust Co.
Will Be Paid As First Dividend April 1st.

The first payment on stock to the stockholders of the State Bank and Trust Company, will be made on Saturday, April 1st, by Special Deputy Banking Commissioner H. C. Baughman. The first dividend to the stockholders will be 10 per cent of the amount of their stock.

This is the first payment back to the stockholders as the collection of notes, etc., up to the present time, has gone to pay all depositors, taxes, etc., that the bank owed. Mr. Baughman says that he will from time to time pay the stockholders their money as fast as collected in \$5,000 and \$10,000 amounts. He also says that from present indications, the outlook for the stockholders to realize well on their stock is bright.

Mr. Baughman and the First National Bank are doing everything in their power for the best interest of the State Bank stockholders and are making no charges for their work, except whatever good will the stockholders may see fit to give them.

PARALYZED ON TRAIN.

Miss Emma Belden, of Liberty, suffered as stroke of paralysis of the right side while on No. 23, returning from Louisville Thursday morning. Mrs. W. K. Warner, of this city, who was a passenger, seeing her plight, took her in charge and found for her a physician—Dr. Pennington, of London, who was fortunately on the train. The two gave her every attention possible and she was taken from the train

A Fine Aid For Mother-to-be

We are all greatly indebted to those who tell their experiences. And among the many things which we read about and are of immediate importance to the expectant mother, is a splendid external remedy called "Mother's Friend." This is applied over the muscles of the stomach. It is deeply penetrating in its influence. Mothers everywhere tell of its soothing effect, how it allays pains incident to pregnancy, relieves the discomfort of constipation, no more of that apprehension with which so many young women's minds become burdened. It is a splendid help. Get a bottle of "Mother's Friend" from your nearest druggist. Ask your husband to get it for you. Then write to Bradfield Regulator Co., 408 Lamar Bldg., Atlanta, Ga., for a very handsome and instructive book. It is filled with suggestive ideas of great help to all women interested in the subject of maternity. And best of all are some letters from mothers that are real inspirations. Write today.

Mr. William Schmitz, a well known young man of this section, left for North Dakota. Friends and admirers were sorry to see him go.

Mr. Ernest Iverson has a fine organ for sale, but has no buyer.

Mr. Ben Busse was a guest of Mr. Schmitz last Sunday.

Mrs. Ludwig and son, of Cincinnati, are here visiting Mrs. Stickler.

Mr. Bill Benke called on his best girl Sunday evening.

Miss Annie Schmitz is going out horse-back riding for her health.

Miss Helen Wentjes left last week for Cincinnati.

Miss Barbara Russell has returned home from Richmond.

Miss Agnes Schuler and Will Schuler spent a pleasant dinner with Mrs. Stickler and family.

Mr. Frank Wentjes has taken Mr. Mill Schmitz's route.

Mr. Schlappi sold a farm to Mr. Henry Jentsch at a reasonable price.

Mr. Ernest Pike, who is now in Alaska says there is lots of profit in chicken business, and advises Mr. Paul Ensslin to start into it.

The farmers of this section are busy putting up new fences and repairing those the storm had damaged.

Mr. Emil Henzen has been busy the past week sowing his spring crop.

Mr. Ernest Stiehler and Miss Agnes Schuler; Misses Julia and Lizzie Stiehler, Nellie Schuler and Annie Schmitz, were the guests of Mr. and Mrs. Fred Schlappi Sunday afternoon.

Try "Cascarets" for Liver and Bowels If Sick or Bilious

Tonight! Clean Your Bowels and Stop Headache, Colds, Sour Stomach.

Get a 10-cent box now. Turn the rascals out—the headache, biliousness, indigestion, the sick sour stomach and bad colds—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels, or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

A Cascaret tonight straightens you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love Cascarets because they never gripe or sicken.

THE IRON CLAW

(Continued from Tuesday)

Before Manley's senses had come back to him he and the green-feathered parrot had been tossed bodily into the closed car, and, three minutes before the arrival of the police for whom the white-faced girl in the library had so frantically telephoned, that mysterious limousine had speeded off into the night, carrying not only Legar but the youth who had been so presumptuous as to attempt to interfere with Legar's exploits.

But Manley did not altogether give up. His heart still had the resilience of youth. He still believed in his star.

What fretted Manley most, however, was his lack of freedom. Rolling a little over on his side, he studied minutely the rough brick floor on which he lay. After this inspection he wormed his way carefully from side to side, lying face down and trying each row of exposed bricks with his shoe toe, in the hope of finding one of them loose.

He had elaborately tested eleven rows before he found any reason for hope in this direction. A chill of excitement ran through his tired body, in fact, as he discovered one brick which seemed less securely embedded in cement than were its fellows. He worked at it patiently, laboriously, kicking away small particles of plaster, thumping it with his boot heel, prying at it with his sole until it rocked free in its row. Then came the even sterner task of shifting it from its place. This he did by turning about and lying close to it, on his side, so that the fingers of his tightly imprisoned hand might come in contact with its edges. Time after time it fell back, but in the end he triumphed.

Yet it was not this unearthly brick which interested him. His attention was directed towards the rough-edged parallelogram where that brick had originally rested, for the corners of this opening, he soon realized, provided him with a saw edge which in time might serve to abrade and cut through the stoutest of cotton rope. But the consolation of this hope did not stay with him long. For even as he started to work, his movements were interrupted by the sound of a key in the heavy iron lock on the door that shut him in. He rolled over quickly, twisting about so that his apparently inert body covered both the loosened brick and the spot from which it had been taken. He continued to lie there as though in a sleep of exhaustion, for his veiled eyes had already caught sight of the two heavy-featured ruffians advancing into the room.

"Let the poor boob sleep," warned the larger man, in a husky whisper. "He's goin' to cash in before mornin'!"

"But I'm sick o' markin' time down in this rat hole. Why can't Legar get back here where he belongs and do his own stickup work?"

"I tell you the doc's up to the Golden house makin' his haul when the coast's clear! And if you wake that king there you'll have to cut out the red-eye and keep busy chokin' off his holler!"

Manley could hear their shuffling feet as they recrossed the rough flooring and then the scrape and rasp of the rusty lock as they once more turned the key in the door. But the moment they were gone he was once more busy with the cotton rope about his wrists, for what he had overheard increased his passion for liberty. When a man, however, is still youthfully blind enough to believe in his start, to nurse the delusion that some special genius has singled him out and watches over him, he is not easily discouraged. Yet discouragement came, and came in a form most unexpected, even before Manley's hands were free.

It came, in fact, in the form of a green-bodied parrot creeping stealthily through the rusty cross-bars grilling the transom above the locked door. He watched the bird slip into the room, climb along the rusty iron gas jet, deliberately turn it on.

Manley knew what this meant, and it spurred him to even more frantic efforts to saw through the cords, still holding him a prisoner, for already the fumes of the escaping gas were reaching his nostrils.

When one strand of it had parted, and he had uncoiled the rest of it from his ankles, his head was swimming and his legs were unable to support him. So he crossed the room on his hands and knees, caught at the rusty gas pipe for support and painfully drew himself upright. His trembling hand went out, found the gas jet, and turned it off. And the next moment he fell face down on the rough floor, and lay there in a gray daze of weakness.

How long he lay there he could not tell. But he was aroused by the sound of thick voices from the outer chamber, punctuated by the shrill cries of an angry and scolding woman. He pulled himself together and possessed himself of the brick bat, as a weapon.

He waited, scarcely breathing, as the door was flung open. So quick, however, was the entrance of the first intruder that Manley could not lift his missile before the darkness had swallowed up that shifting shadow. But standing in the lighted doorway was a second man, crouched low and leaning forward with blinking eyes, a blue-barreled navy revolver in his hand. Manley, eying that evil face as a sharp-shooter eyes his target, let fly with his poised brick, and let fly with all his force.

The stooping man went down like a clouted rabbit, without a sound. But even as he fell the first intruder, at the far end of the room, struck a match. And at that second figure Manley let drive with the only missile

at hand.

The heavy glass lamp, buried true, sent man and match against the case side in a shower of oil and broken glass. But Manley did not wait to witness the result of that second assault. He leaped for the door, caught up the blue-barreled revolver from the hand of the stunned man on the threshold, and drove for the heavier door at the end of the outer chamber.

But this door he found to be locked. He was on the point of starting back in search of a timber heavy enough to batter down that barrier when all movement was arrested by an uproar of sound that fairly drove the breath from his body. For the shower of oil that fell about the lighted match at the vaulted end of the side chamber had sunk into the litter of rubbish beside the powder cases, had burst into flames and had crept closer about those wooden cases until the flicking tongues of heat had reached the explosive.

Yet even as Manley stood there, fighting for breath, a second surprise both confronted and engulfed him. Following close on that telltale roar of sound came an even more bewildering rush of water, tearing through the low-roofed cellar like a thousand hounds let loose. And he knew then that the explosion had broken down the walls between him and the East river at high tide.

He leaped in the direction of the door, in the hope of getting it closed.

He was still struggling frantically at this door when a heard a voice, and at first he thought it was a human voice, crying shrilly through the gloom.

"Let me out!" was the frantic cry close above him. "Let me out!" Groping and pawing along the wall, his hand came in contact with the rung of a narrow iron ladder. He caught at this ladder and drew himself up, for he now stood shoulder high in the ever-mounting flood. On the topmost rung, as he mounted, he found a snaking and feathered body clinging stubbornly to the rusting iron, beating with its beak on the hollow sounding boards above his head.

In a flash Manley himself was shouting up against these boards. There was the sound of a rending staple, and in another moment he was swarming up through the ruptured trap door, catching at the parrot as he went.

The Figures of Fate.

Margory Golden, alone in her father's library stared apprehensively about that massively furnished room as though dreading that some new terror might leap out at her from its shadowy corners. She was unmoved not only by the disquieting disappearance of David Manley but also by the thought that she was still so surrounded by the tides of evil.

As she sat there, deep in thought, she was depressed by the sudden suspicion that some one of the many servants in that house was a traitor to his master. Yet as she checked them over, one by one, she found nothing on which to ground this ghastly suspicion. She remembered that she had once been suspicious even of Manley himself, of this serious-minded friend who hid his true feelings behind a mask of light-hearted irrelevancies. And there were things in which she herself had not been altogether candid with him. There was, for instance the matter of Tito, the Amazon parrot. She had not confided to Manley the fact that in that bird, stumbled across in a fancier's shop, she had found an old friend, a friend dating back to her unhappy days in the Owl's Nest. And she sighed aloud as she gathered up the papers on the rosewood desk and turned to the vault to which she had forgotten to restore them.

"Twenty-one, thirty, forty-two, sixty," she repeated, recalling her father's instructions over the wire. "Forward and back and forward and back again, for it's a four movement dial, whatever that may mean!"

The vault door opened, obedient to the combination, and seeking out the inner compartment marked "J" she restored the papers to their place. Her hand was still on the open vault door when the shrill call of the telephone bell sounded through the quiet room.

She crossed to the desk and took up the receiver.

"Do you know who is speaking?" demanded a voice which sent a thrill of apprehension through her forward-stooping body. And the question was repeated as she sat silent, staring before her.

"Yes," she finally answered, trying to steady her voice. "It's Legar."

The wire brought his answering laugh close into her ear.

"You know the voice, I see. And I think you know the man. So listen to what I have to say. I've got your friend Manley, and he'll stay where I've got him. And unless you want him turned out of here with about half of that pretty face of his burned to a crisp, you'll do what I tell you to do. Do you understand? I'll scar him worse than I was scarred, if you try any tricks with me in this!"

"In—what?" demanded the white-faced girl.

"In exactly one-half hour I want you to walk past the Soldiers' monument and hand me a paper. That paper is somewhere in your father's vault. It is one half of a code list and chart, on a square of yellow manilla. Do you understand?"

"But how am I to know this paper?" asked the terrified girl, fencing for time.

"It's a chart, a map, one half of the map of Windward island. For old Golden, wasn't such a fool, as he

seemed—and again the venomous laugh sounded low over the wire. "If your father had got hold of my half of that map a little earlier in the game he wouldn't have needed to dig for ten years through that sand, looking for his precious treasure! Now it's my chance, and I want that paper. And unless you want your secretary to come home a rather unpleasant thing to look at, you're going to have that map in my hands in half an hour. So tell me quick, what your answer is. Do I get it?"

For one moment the girl sat silent, breathing quick through parted lips.

"Yes, I'll bring it," she at last said over the wire. Then she sat motionless, with her hands gripping the desk edge for several minutes. When she moved it was with the quickness of a sudden and clear-cut decision.

"Give me police headquarters," she called out as she caught up the receiver. The next minute she was explaining to the desk official at Center street the news of Legar's latest threat and the need of forestalling it. Then, after another interval of studious thought, she crossed to the vault and began a hurried search for the document which Legar had described as being stored away there.

She found it at last, in a package of faded deeds and papers to do with Windward island, and while one glance at it persuaded her that it was indeed a chart of the island, the fact that it represented only one-half of this island tended to convince her that Legar had spoken the truth.

But she had no time to deliberate over that discovery, for her next move, she felt, should be to call the servants and warn them against any midnight intrusions.

She crossed to the rosewood desk to carry out this plan, and her finger was even extended to press the bell button when a sudden soft movement at her shoulder caused her to swing sharply about.

Confronting her, with a slightly triumphant smile on his deep-scarred face, stood Legar himself.

"I am intruding, I know," he began in his suavely accented tones, "but there was a possibility, you see, of your friends in uniform interrupting our meeting beside the Soldiers' monument!"

The girl's fingers, as she edged away along the desk, closed determinedly on the scrap of manilla paper still held in her hand. The vault door, she saw, was also still open. But that was not the thought troubling her. The vague fear at the back of her mind was whether or not she was too late to save Dave Manley from the danger threatening him. And she edged still farther away.

Her movement was arrested by the ringing of the telephone bell close beside her.

"Answer that phone!" he suddenly commanded.

The next moment a great load seemed to lift suddenly from her heart, and a renewed wave of audacity swept through her body, for the voice that spoke to her over the wire was the triumphant voice of Manley himself. Manley declaring that he was free and that he would hurry back as fast as wheels could carry him.

"Who spoke then?" cried Legar, his face clouded by a move which apparently was an unexpected one from his standpoint. But the wine of hope now singing through the girl's veins made her more crafty, more ready to face Legar with his own weapons. Instead of answering him her hand moved out to the bell button, for with the ringing of that bell, she felt, would surely come help. And once the slip of manilla was back in the vault, and the door locked, she now had little to fear from Legar. So when she fell back, as he sprang forward to strike her hand from the bell, she saw that her retreat lay in the direction of the vault door.

Her pursuer, however, was in no mood for equivocation. He seemed suddenly to foresee her intention. For without warning he leaped towards her, as an animal leaps for its prey. And with one sweep of his mailed arm the iron hook at its end was snared deep in the folds of her clothing.

"Give me that map!" he said, in a voice husky with blind and unreasonable rage.

Margory Golden, however, had no intention of giving him the map in question. She fought against him, with all the strength at her command, knowing that any moment now would bring the needed help.

But Legar, with his hand on her throat, hurled her back against the heavy vault door, shook her as a terrier shakes a rat, snatched the yellow sheet from her fingers, flung her stag-

gering into the maw of the open vault, and with a throaty and beastlike cry of triumph swung the great steel door shut, even as the partly-dressed Wilson ran gasping in through the library door. Yet Legar took time to throw back the tumbler lever and spin the dial before turning to confront that wide-eyed servant. Then, hearing other approaching steps, he dove through the second door, scurried like a pelted hound through shadowy rooms, slipped eel-like through a quickly opened window and escaped to the street.

There he ran for a dark-bodied ear standing in the deep tree shadows, and with a gasp of relief flung himself up into the cushioned seat.

As he did so a masked figure sitting crouched close back in the hooded gloom of that seat suddenly threw out a hand and garroted the startled Legar against the leather upholstery, on which he began to writhe like a caterpillar on a cabinet pin. But with an equally deft second movement the man in the yellow mask snatched the oblong manilla paper from his opponent's hand.

"This," blandly announced the man of mystery as his garrotting fingers relaxed and he stepped down to the running-board, "is one of the rare moments when I have the pleasure of trumping your ace!"

And the all but apoplectic Legar lay back gasping for breath as that stranger dropped lightly from the speeding car and vanished shadowlike into the night.

At the home of Enoch Golden, in the meantime, the terrified Wilson had regained both his feet, his presence of mind and a presentable portion of his dignity. His frantic shouts for help had brought the rest of the servants flocking to the library, and his equally frantic efforts to describe what had taken place did not add to the peace of that little group from below stairs.

"I tell you, Tibbins, Miss Margory's locked in that vault, and there's no one in the 'ouse as knows 'ow to open it!"

Cries of horror burst from that suddenly arrested circle.

"Someone telephone for the police!" cried the second man, as Wilson shouldered out through the group swarming and gesticulating about the vault door. "Yes, the police!"

He had the instrument in his shaking hand when the door opened and David Manley stepped quickly in, with Tito, the green-bodied parrot, on his arm.

"What's wrong here?" was the newcomer's sharp demand.

"It's Miss Margory, sir," began the quavering-voiced butler.

"Well, what about Miss Margory?"

"She's locked in that vault, sir, and no one in the 'ouse knows the combination!"

"Good God!" cried Manley, suddenly transfixed. Then he ran to the vault door, flinging the others aside.

Flinging off his coat, he bent over the dial. The silent group circled about him. And still he worked, worked with every nerve on edge, every sense alert, for time, he knew, was precious.

"I said silence there!" he called out sharply, for his whole mind was directed to the faint click of metal against metal in front of him. But louder than before the green-bodied bird on its broken perch repeated its cry.

"Twenty-one — thirty—forty-two—sixty!" was the shrill and monotonous cry of the parrot, with one eye cocked ceilingward.

Manley suddenly wheeled about.

"What in God's name does that parrot mean? . . . Wait! . . . It is . . . it must be!" But instead of finishing that declaration he repeated the bird's cry. "Twenty-one, thirty, forty-two, sixty."

In the next breath he was facing the vault door, with his trembling fingers turning and spinning the glimmering dial.

Then, without breathing, and with colorless face, his hand grasped the tumbler lever. And not one of that group moved as he put on that lever the pressure that would tell the tale.

It was Celestine the parlor maid who indorsed her Latin temperament by falling back in a dead faint as the metal door swung open. But no one, at that moment, was thinking of Celestine.

"It's all right," Manley called from the darkness of the inner vault. "She's alive—she'll be around in a minute—only somebody get some water!"

Middleburg

With two hucksters and two traveling mercantile stores through this section, the hens are kept busy supplying eggs for the trade.

The few pretty days last week furnished early gardeners an opportunity to plant peas, beans and other early frost-proof vegetables.

Governor Stanley seems to be well pleased with the work of the late legislature. He likely would have been better pleased had it passed a certain "splitting" bill he seems to have been interested in.

Dr. A. K. Caldwell and wife, of Waynesburg, were at Yosemite Wednesday to see Bud Short, who is an uncle of Mrs. Caldwell.

During a wrangle in the late legislature, Representative Jack Wall told an assistant sergeant-at-arms to go to hell, and it is supposed by some that he went direct to Governor Stanley's office.

Jesse Austin is reported very sick at his home at Liberty. He has pneumonia and has been sick some two weeks.

Miss Essie Haney, the pretty daughter of Dr. J. M. Haney, has taken the position as clerk in Jason Coffey's store vacated by Mrs. Tenny Smith, who is now Mrs. W. T. Miller.

Embry Albright of Brodhead, was here last week buying junk.

Prof. W. J. Sharp, who is teaching at Marietta, Ohio, is here for a short visit to his parents, Mr. and Mrs. R. M. Sharp.

During the high winds Wednesday W. G. Short's house, just west of town, caught fire on the roof, but it was discovered before the flames got much headway. When Mr. Short discovered the fire, he ran up a ladder that happened to be standing against the house, and dashed a large bucket of slop on the blaze which subdued it until other help arrived. It was a close call, and owing to the unprecedented high wind it is a great wonder that the building was saved.

The congregation of the Baptist church here, and that of the Christian church at Yosemite, will worship together at the Sunday morning service. Rev. J. W. Beagle will preach at the Christian church at 11 o'clock, and Rev. Luther Young will likely fill Bro. Beagle's pulpit at night. The Baptists will hold their Sunday-school services at the usual hour, and arrangements will be made to convey everybody to Green River for the preaching service.

Jimmie Jones caught two channel cats in the river here Saturday morning. The two tipped the beam at 7 1/2 pounds.

Jefferson T. Short, whose illness we have mentioned several times in these columns, died at his home at Yosemite Friday afternoon. Deceased was 40 years old, and was a brother of J. W. W. G. and Arch Short, besides, is survived by several sisters.

On returning from the Philippines where he had served as a soldier, Mr. Short married Miss Emma McWhorter, daughter of Mr. and Mrs. J. H. McWhorter, at Yosemite, and she with four small children survive him. Mr. Short was a clever man and always stood for the right against wrong-doing. The remains were buried in the Middleburg cemetery Saturday afternoon, after services at the Baptist church, conducted by the Rev. Joseph Montgomery.

The road bonds were defeated Saturday in this county by a majority that precludes all fears of a contest. The majority against the proposition is said to be about 200, and is no more than was expected. For here where a larger majority for the bond issue would be reasonably expected, the sentiment has always been about evenly divided. Jenkins precinct did

Some Tennessee folks tell how they won

Sick people want to be well in a hurry. A great many, perhaps most all, illnesses have their beginning in derangements of the stomach and digestive tract.

Mayr's Wonderful Remedy starts in at the first dose to put stomach sufferers on the way to health. The first dose proves it.

It is taken with success everywhere. Here are the words of two Tennessee people who have taken it:

MISS CORA FISHER, 805 Saxon avenue, Memphis—"Have taken your medicine and it worked like a charm—has removed quite a number of gall stones. It does just as you said it would."

MRS. W. J. WARD, Sparta, Tenn.—"I can honestly recommend your remedy to all sufferers from constipation and stomach troubles. Indigestion seems a thing of the past with me."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—no satisfactory money will be returned.

Leila Livingston, etc., Defendants

Pursuant to a judgment rendered by the Lincoln Circuit Court at its February, 1916 term, in above case, the undersigned Commissioner, will on Monday, April 10, 1916, at 11 o'clock a. m., in front of court house in Stanford, Ky., offer for sale at public outcry to the highest and best bidder the following: House and lot

Mogul 8-16 Price Announcement

The Real Kerosene Tractor

ON and after April 1st the price of the Mogul 8-16 will be \$725 cash f. o. b. Chicago. All sales made and bona fide orders taken up to April 1st will be filled at the present price of \$675 cash f. o. b. Chicago. We want to post you ahead of time on the coming change.

Mogul 8-16, as you know, is the famous tractor that has cut fuel costs squarely in half—operates on cheap, common kerosene or coal oil—doesn't have to be the highest grade either. It pays for itself in the saving over gasoline. That is why the rise in price—necessary because cost of raw materials has risen so high—is of minor importance.

Mogul 8-16 is saving and making profit on thousands of farms of all sizes. It will do much more for you than your horses can. Get in your order now—be ready for spring work. See the dealer who sells the Mogul 8-16.

himself proud by rolling up a majority of 80 for the bonds, but Nantown offset it by going 80 against them. We suppose this settles the matter for the present.

Dr. Anderson, the famous Kingston, Tennessee, practitioner, was at Yosemite Saturday. He came here to look at the Golden Dawn Springs property with a view to purchasing same, and converting the large hotel into a hospital. His appearance at Yosemite created great excitement there. People almost ran over each other to get a peep at him. The impression was abroad that he was an Indian, and everybody was surprised to see something more than a very black negro. He was accompanied here by Joseph Waddle, of Somerset, who has an option on the Golden Dawn property.

has to say about

cream separators

this week.

YOU will find the De Laval is the easiest and most satisfactory to use and keep in good running order.

There is nothing about the operation, cleaning, adjustment or care of a modern DeLaval which requires expert knowledge or special tools.

There are no parts which require frequent adjustment in order to maintain good running or to conform to varying conditions in the every day use of a cream separator.

Only tool required

There is nothing about this machine that cannot be taken apart, removed or replaced by any one who can use a wrench or screw driver. In fact, the only tool which is needed for the operation of a DeLaval Cream Separator is the combination wrench and screw driver illustrated above, furnished free with the machine.

We will be glad to have you examine DeLaval and see for yourself the simplicity and convenience of its construction.

Sooner or later you will buy a DE LAVAL

"Big Chief" VanSant, of Ashland, will be a candidate for chairman of the Kentucky Democratic committee at the state convention. If he is chosen for this place no better assurance can be given that Woodrow Wilson will carry Kentucky in November by an old-time democratic majority of 30,000 or thereabout such as McCreary and Beckham have won

MAKES NEW FLYING RECORD.

Lieut. R. Caswell Saufley, of the U. S. Naval Aviation station at Pensacola, Fla., broke a world's record for high flying this week when he ascended to a height of 16,072 feet. Lieut. Saufley is one of the pioneer aviators of the naval service and has had more experience at his hazardous profession than probably any other aviator in Uncle Sam's service, as he was the first one to fly over Vera Cruz when the American forces occupied it two years ago. His many friends "back home" have watched his career with much interest and are very proud of the fine record he has made.

High School News

The program rendered Friday, March 24, during the chapel exercises was: Reading, "The Reconsidered Verdict," George Fleece Farris; Piano Solo, Sara Beck; Reading, "The Sleepy Foot," Adelaide Proctor; Piano Solo, Annette Wearan.

Prof. Wilson announced that the Junior Oratorical contest will be held in the school auditorium this (Friday) evening. This entertainment is free and we hope for a large number present. Also if you want to see some of the good work that is being done by this department, this will be your opportunity. Those who will speak are: Margaret Pettus, Lucille Ballou, Eddie Bruce Baughman, Mabel Misters, Adelaide Proctor, Mary Katharine Hocker, Sara Beck, Louis Phillips, Joseph Ballou, George Fleece Farris, Gatewood Beasley, Houston Yager and Powell Withers.

Dr. R. H. Crossfield, president of Transylvania University, made the school a visit last Friday morning. "Preparedness, or Why Go to College?" Everyone felt much benefited by his oration.

Rev. W. D. Welburn conducted the devotional exercises in chapel Monday.

Beginning Monday the dinner period was lengthened from one half an hour to the full hour, which causes school to dismiss at 3:30 instead of 3:00.

Sam Embury made the announcement to the boys of the High School Monday that those who wished to try for the track team would from now on be permitted to practice half an hour before school let out and if you wanted to leave then, you could. Heretofore all track practice has been done after school hours and the Captain wishes to see more contestants out than ever before. Those who try for this team will have the same use of the club room as the other athletes.

Stith Noe, one of Stanford's most promising young men, had to undergo an operation Thursday, as a result of an injury received during a basketball game, while living at Campbellsville. He stood the operation nicely and is now getting along alright, and it is hoped that he will soon be out again. He is a great partner in athletics and his absence will be felt considerably on the school's nine during their games today and tomorrow.

The members of the Mozart Club have been reviewing for several weeks for their examination in Musical History, Harmony and Analysis. A rigid examination was given Wednesday and the papers are now in the hands of one of the teachers of the College of Music in Cincinnati. Meanwhile the girls are having their spring hats trimmed and making other preparations to attend the May Festival, each one hoping that she will win the trip offered by the club. The treasurer has the funds ready to defray the expenses of the writer of the best paper.

Be sure and don't forget to come out to that star base ball game this afternoon between the local team and their old rivals, the nine from Hustonville.

Several members of the Mozart Club were absent Thursday, the examination in Musical History having probably gotten on their nerves.

DANGERS OF DRAFT.

Drafts feel best when we are hot and perspiring, just when they are most dangerous and the result is Neuralgia, Stiff Neck, Sore Muscles or sometimes an attack of Rheumatism. In such cases apply Sloan's Liniment. It stimulates circulation to the sore and painful part. The blood flows freely and in a short time the stiffness and pain leaves. Those suffering from Neuralgia or Neuritic Headache will find one or two applications of Sloan's Liniment will give grateful relief. The agonizing pain gives way to a tingling sensation of comfort and warmth and quiet rest and sleep is possible. Good for Neuritis too. Price 25c at your Druggist.

Robbers broke into Giles' store at Middlesboro Wednesday night, took \$150 in money and several hundred dollars in goods. The 500-pound safe was taken from the building, hauled outside of the city limits and broken open.

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body. In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamful sleep, irritability and unless corrected, leads straight to a breakdown. To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutriment gets into the blood and rich blood feeds the tiny nerve cells while the whole system responds to its refreshing tonic force. It is free from alcohol. Scott & Bowne, Bloomfield, N. J.

Got Rid of My Corns With Magic "Gets-It"

Simplest Corn Cure in the World—No Pain, No Fuss. New, Sure Way.

When corns make you almost "die with your boots on," then you've soaked them and picked them and sliced them, when corn-swelling

Why Have Corns At All When "Gets-It" Removes Them the New, Dead-Sure Way? salves, and tapes, bandages, and plasters that make corns pop-eyed have only made your corns grow faster, just hold your heart a moment and figure this: Put two drops of "Gets-It" on the corn. It dries at once. You can put your shoe and stocking on right over it. The corn is doomed. It makes the corn come off clear and clean. It's the new, easy way. Nothing to stick or press on the corn. You can wear smaller shoes. You'll be a joy-walker. No pain, no trouble. Accept no substitutes. "Gets-It" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago, Ill.

Sold in Stanford and recommended as the world's best corn remedy, by the Lincoln Pharmacy.

Permanent Relief for Chronic Constipation

KNOWLEDGE AND PRACTICE OF CORRECT DAILY HABIT THE GREAT ESSENTIAL.

Constipation is a condition affecting all classes of all people and can be permanently relieved only by acquiring habits of regularity.

The most natural time for the eliminative process is in the morning when both the muscular and nervous systems are relaxed by sleep and rest. When relief does not come readily, it is an excellent plan to take a mild laxative at bedtime. Cathartics and purgatives, that by the violence of their quick action shock and disturb the system, should not be employed.

An effective laxative remedy that is very dependable, and which does not gripe or otherwise disturb the organs involved, is found in a combination of simple laxative herbs known as Dr. Caldwell's Syrup Pepsin that can be bought at the drug store for fifty cents a bottle.

Mrs. C. C. Allen, 215 Foam St., New Monterey, Calif., wrote to Dr. Caldwell that she "found Dr. Caldwell's Syrup Pepsin just what was needed for constipation and distress

Girls! Thicken and Beautify Your Hair and Stop Dandruff!

Try This! Your Hair Gets Wavy, Glossy and Abundant At Once.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, gloss and lustre, and try as you will you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine, is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once. If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this. 26-1

Indoor Worker Is Handicapped

Office Men Often Pay Penalty of Indoor Grind.

We can't all be devotees of the great out-of-doors, and so the office men and women too often pay the penalty of the all day grind at the desk.

There comes in many cases the sluggishness that is bred of physical inactivity and the ailments that mark the indoor man for their own.

To say "I feel good all over" is to speak the acme of content, and when this is supplemented by a steady, healthy increase in weight after a long period of suffering, the fortunate man usually feels that he wants to share his good luck with the less fortunate "other fellow."

It is this spirit that prompts so many prominent business men in every community to endorse Tanlac. Tanlac assists nature to throw off depression and in its place to stimulate the system, with the result that energy and vigor return.

That "tired feeling" means a good deal more than is generally realized. It is one of the symptoms of a more serious condition. It not laziness, it is a physical ailment that needs correction before it takes a firm hold on you. The results of the Tanlac treatment are amazing.

Tanlac tends to make tired out, listless persons sturdy and of real manhood and womanhood like those old-fashioned but most sensible folks—the pioneers.

As a tonic, appetizer and invigorant, nothing ever has been discovered that will compare with Tanlac. It builds new tissues, vitalizes the blood and acts so favorably on ailments of the stomach, liver and kidneys, and catarrhal affections of the mucous membranes.

Satisfied users of Tanlac have proven to be Tanlac's best advertisers. Men and women, from the highest to the lowest walks of life, everywhere are testifying daily to the relief Tanlac has brought them. No other remedy has won such endorsements, that can only come from superlative merits.

Tanlac is being especially introduced in Stanford, Ky., at Penny's drug store, where the Tanlac man is daily explaining its merits and the results that may be expected from its use.

Tanlac may be obtained at the following nearby cities: Moreland, Abraham Minks; Hustonville, Adams Bros.; McKinney, True & Co.; Ellisburg, Joseph McWilliams; Middleburg, W. C. Bryant; Crab Orchard, Lynne Bros.; Brodhead, John Robins; Junction City, Reynolds & Evans; Lancaster, R. E. McRoberts.

ROYAL BAKING POWDER

Absolutely Pure

No Alum—No Phosphate

Crab Orchard.

Dr. and Mrs. L. F. Jones and Mrs. Jamie Carpenter motored to Lancaster Monday afternoon to witness the "Battle Cry of Peace."

Mrs. Charles Redd, who has been sick almost all winter, is able to walk round in the house.

Mrs. Harve Collier is also much better, after a most severe siege of grip and tonsillitis.

Miss Ila Newland and Miss Gladys Sweeney, of Stanford, were here last week to attend the "Old Folks Concert."

Mrs. Polly Smith (nee Traylor) and handsome baby, has been with her mother, Mrs. Traylor, for some time, at the St. Ivan Hotel. Mrs. Traylor has been quite sick.

Mrs. Dexter Ballou, of Stanford, and daughter, Margie, attended the concert and visited her mother and sisters here.

Mrs. W. J. Edmiston has been suffering from bronchitis but is improving.

Last Saturday morning Uncle John Edmiston, was feeling quite well, and disregarding the counsel of the doctor and family not to try to walk round alone, went out on the porch to examine the thermometer and upon turning, lost his balance and fell. He did not break any bones, but hurt his spine and has been in a most helpless condition since. The family are as attentive to him as to a baby and Miss Addie Cochran will never receive her just reward in this life for her faithful and loving patient care of Uncle John, and many other aged ones whose care fell to her, and her sweetest recollections are that she helped make their old days as comfortable as possible.

For the benefit of those friends at a distance who are anxious to know the names of all the folks who participated in making the concert a success, we will state the names of all who sang in the choruses: Mrs. M. E. Fish, Mrs. Mollie Burgh, Mrs. Buchanan, Mrs. Cherry, Mrs. Sanders, Mrs. Edmiston, Mrs. Allie Pettus, Mrs. Robert Thompson, Miss Tanna Thompson, Mrs. Caltha Newland, Miss Mayme Holdman, Miss Annie Hutchison, Mrs. Hamilton, Mrs. Hunt, Miss John Eva Hilton, Mrs. Stephenson and Messrs. Wood Peters, George Holmes, Bragg Thompson, Thomas Hays Bronaugh and Billy George Holdman. Mrs. Kittie Thompson presided at the piano, assisted by Mrs. Jamie Carpenter.

Mr. J. T. Chadwick wishes to thank every man and boy who labored so hard to save his house during the fire and says he can never forget their hard work and how well they performed it, and wishes he could take each by the hand and tell how he feels.

HOW MRS. BEAN MET THE CRISIS

Carried Safely Through Change of Life by Lydia E. Pinkham's Vegetable Compound.

Nashville, Tenn.—"When I was going through the Change of Life I had a tumor as large as a child's head. The doctor said it was three years coming and gave me medicine for it until I was called away from the city for some time. Of course I could not go to him then, so my sister-in-law told me that she thought

Lydia E. Pinkham's Vegetable Compound would cure it. It helped both the Change of Life and the tumor and when I got home I did not need the doctor. I took the Pinkham remedies until the tumor was gone, the doctor said, and I have not felt it since. I tell every one how I was cured. If this letter will help others you are welcome to use it."

—Mrs. E. H. BEAN, 525 Joseph Avenue, Nashville, Tenn.

Lydia E. Pinkham's Vegetable Compound, a pure remedy containing the extractive properties of good old fashioned roots and herbs, meets the needs of woman's system at this critical period of her life. Try it.

If there is any symptom in your case which puzzles you, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass.

Valuable Health Hints For Our Readers

CATARRH
Just because you hawk and spit and your nose is wet, cold, red, sore and a nuisance, don't merely plug it up. You can't cure catarrh by greasing your nose. Take S. S. S. regularly and you will drive catarrhal poisons out of your blood. The membranes will soon recover and no longer continue to accumulate the mucus that gathers and thickens into catarrh. S. S. S. stimulates the cells of the tissues to select from the blood their own essential nutriment. Rapid recovery from catarrhal inflammation in the stomach, kidney, bladder and all membranes is the result.

MALARIA.
Throughout the country, wherever malaria abounds, are happy, joyful people to whom S. S. S. has given wonderful help in the treatment of malaria after the most sickening torture imaginable.

The gaudy complexion of malaria's victims, the chills and fever, the malarial dysentery that seems to defy all other treatment, the malarial leg, the enlarged liver, the persistent anemia where the blood turns to water and the system wastes away. These are the conditions that S. S. S. so effectively assists in overcoming, by helping to restore the blood to its natural vigor.

STUBBORN SORES
Sometimes a sore spot becomes indolent. The tissues surrounding it lose tone and are unable to provide sufficient nutriment to stop the drain. It is then chronic. Just saturate your blood with S. S. S. This is quickly accomplished, as S. S. S. is naturally assimilated the same as milk or any other healthful liquid.

Nature acts with marvelous rapidity when given the proper assistance, and S. S. S. so stimulates cellular activity that the parts surrounding an ulcer select from the blood the materials that make new tissue. Thus the sore spot rapidly heals in a natural way.

Local applications for any skin disease will afford protection from with-

out, but have no medical value. Eczema, tetter, acne and all such eruptive diseases should be treated with S. S. S.

POISONED BLOOD.
So many different things contribute to poison the blood and the effect is so startling that the sufferer becomes panic-stricken and is led to use harmful drugs. If you have any blood trouble, get a bottle of S. S. S. and take according to directions.

RHEUMATISM.
Poisoned blood is bad enough without ruining your bones, joints, teeth and vitals with minerals. S. S. S. so stimulates cellular activity that they reject all poisonous influences and select only those materials in the blood that make healthy tissue. This is why its assistance toward recovery is so noticeable and at times remarkable.

S. S. S. is welcome to the weakest stomach and is assimilated just as readily as the most nutritious food. It has helped to cure a host of sufferers.

IN ANY FORM OF RHEUMATISM give the blood a good effectual cleansing with S. S. S.

Use this remedy for three days and take a hot salt water bath to open the pores. This relieves the lungs and kidneys and assists S. S. S. to utilize the skin as the principal avenue of elimination.

Avoid salts, calomel and other drastic purgatives, as they absorb the moisture from the walls and membranes of the intestines, weaken the muscular action, produce chronic constipation and thus stagnate the system with rheumatic poisons. Get a bottle of S. S. S. at any drug store. Don't take a substitute.

S. S. S. is purely vegetable and is prepared only by the Swift Specific Co., 271 Swift Bldg., Atlanta, Ga. Write for special booklet on any of the diseases mentioned and if medical advice is wanted, write for that also to address given above. Both booklet and medical advice are free.

WOMEN'S WOES

Stanford Women Are Finding Relief At Last

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing-down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Keeping the kidneys well has spared thousands of women much misery. Read of a remedy for kidney ills that is endorsed by people in this locality.

Mrs. A. Camden, Preachersville, Ky., says: "I suffered intensely from kidney complaint. When I stooped, I could hardly straighten. Dark spots often floated before my eyes and my head pained me until I was almost crazy. A neighbor told me about Doan's Kidney Pills and I got a box. They helped me from the first and I am now free from kidney complaint."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Camden had. Foster-Milburn Co., Props., Buffalo, N. Y. 26-1

have to say about cream separators this week

IN the last ten or fifteen years there have been dozens of cream separators come on the market which claimed to be "world beaters." But they couldn't make good in the hands of the users and one by one they dropped out of sight.

Their owners were willing to take a risk and they lost. If you buy a cream separator from us you run no risk of dissatisfaction or loss.

The De Laval is tested and time proved

Why experiment? What's the use of taking chances with a machine you don't know much about, or an inferior machine, when you know that a De Laval is recognized everywhere as the "World's Standard."

More than thirty-five years of experience and experience have made the De Laval pre-eminently the best machine on the market for the separation of cream.

If you have no separator now, or an inferior one, we can sell you a De Laval on such terms that it will pay for itself while you are using it.

Sooner or later you will buy a DE LAVAL

WOMEN'S WOES

Stanford Women Are Finding Relief At Last

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing-down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Keeping the kidneys well has spared thousands of women much misery. Read of a remedy for kidney ills that is endorsed by people in this locality.

Mrs. A. Camden, Preachersville, Ky., says: "I suffered intensely from kidney complaint. When I stooped, I could hardly straighten. Dark spots often floated before my eyes and my head pained me until I was almost crazy. A neighbor told me about Doan's Kidney Pills and I got a box. They helped me from the first and I am now free from kidney complaint."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Camden had. Foster-Milburn Co., Props., Buffalo, N. Y. 26-1

On the reverse side of this tidy red tin you will read: "Process Patented July 20th, 1907," which has made three men make pipes where one smoked before!

Try it yourself—

if you want personal and positive information as to how delightful Prince Albert really is, smoked in a jimmy pipe or rolled into the best makin's cigarette you ever set-fire-to!

For, Prince Albert has a wonderful message of pipe-peace and makin's peace for every man. It will revolutionize your smoke ideas and ideals. The patented process fixes that—and cuts out bite and parch!

PRINCE ALBERT

the national joy smoke

is so friendly to your tongue and taste that it is mighty easy to get acquainted with. You'll like every pipeful or cigarette better than the last because it is so cool and fragrant and long-burning. You'll just sit back and ponder why you have kept away from such joy's smokings for so long a time!

Men, we tell you Prince Albert is all we claim for it. You'll understand just how different our patented process makes Prince Albert quick as you smoke it!

Buy Prince Albert everywhere tobacco is sold: in tippy red bags, 5c; tidy red tins, 10c; handsome pound and half pound tin humidors and in pound crystal-glass humidors with sponge-moistener tops that keep the tobacco in such prime condition.

SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell."

I tried most every kind of medicine, but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

Stomach Trouble Solved

Most stomach troubles are not diseases. The stomach is simply weak. Tired out. The right kind of a tonic is what is needed. A few meals, well digested, will furnish natural strength. That is what a tonic will do for you. It will start the stomach going right. Then the stomach will take care of itself.

Don't Neglect Kidneys

Swamp-Root, Dr. Kilmer's Prescription, Overcomes Kidney Trouble.

It is now conceded by physicians that the kidneys should have more attention as they control the other organs to a remarkable degree and do a tremendous amount of work in removing the poisons and waste matter from the system by filtering the blood.

The kidneys should receive some assistance when needed. We take less exercise, drink less water and often eat more rich, heavy food, thereby forcing the kidneys to do more than nature intended. Evidence of kidney trouble, such as lame back, annoying bladder troubles, smarting or burning, brick-dust or sediment, sallow complexion, rheumatism, warns that your kidneys require help immediately to avoid more serious trouble.

An ideal herbal compound that has had most remarkable success as a kidney and bladder remedy is Dr. Kilmer's Swamp Root. There is nothing else like it. It is Dr. Kilmer's prescription used in private practice and it is sure to benefit you. Get a bottle from your druggist.

However if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Stanford Semi-Weekly Interior Journal.

Make the Best Remedy at Home—128 Teaspoonful for 50 cents.

If everything was sold in as liberal and fair a manner as the below named druggists are selling Schiffmann's New Concentrated Expectorant, absolutely no cause for complaint or dissatisfaction could possibly arise from anyone. These druggists say—"Buy a bottle of this remedy and try it for Bronchitis, Whooping Cough, Severe Cough, Croup or any Bronchial Affection, and we will return your money, just the same as we do with Schiffmann's famous Asthmador, if it does not give satisfaction, or if not found the best remedy ever used for any of these complaints." Why not take advantage of this guarantee and try this medicine, and get your money back, rather than buying another purely on the exaggerated claims of its manufacturer or on the strength of testimonials from others and run the chance of getting something worthless and also wasting your money?

In buying this remedy, besides securing an absolute guarantee of its efficiency from these druggists, you also get about eight times as much medicine as you would in buying most any of the old-fashioned, ready-made kinds, which average from 20 to 32 teaspoonfuls, because 50c worth makes a whole pint (128 teaspoonfuls) when mixed at home with simply one pint of sugar and one-half pint of water. This remedy positively does not contain chloroform, opium, morphine or any other narcotic. It is pleasant to take and children are fond of it. You will be the sole judge, and under this positive guarantee absolutely no risk is run in buying this remedy. Druggists everywhere are authorized to sell it under the same guarantee as Schiffmann's famous Asthmador of "Money Back" if not perfectly satisfactory. R. J. Schiffmann, Proprietor, Saint Paul, Minn. White's Diamond Brand

Crab Orchard Concentrated Mineral Water a Panacea

The Wisdom of Scientists

Physiological and Medical Scientists of renown express themselves as convinced that most—if not all—chronic and incipient diseases have their origin in, and should be reached curatively through, the Liver or the Kidneys. These organs constitute the great cleansing and filtering systems of the human body. When they perform properly, all is well. On the other hand, if sickness or constipation prevails it must be reached for correction primarily, AND AT ONCE, through the Liver and Kidneys—the seat of its origin: the breeding place of the disease-producing Microbes and toxins that are variously the cause of every ill-affliction.

White's Diamond Brand Crab Orchard Concentrated Mineral Water a Panacea

To specify the numerous diseases curable by White's Crab Orchard Concentrated Mineral Water is needless in the light of what has been stated. This water is a SPECIFIC (meaning an absolute) remedy for ALL Liver and Kidney difficulties; therefore, it follows that it is practically a HEALING AGENT FOR EVERY DISEASE OF THE HUMAN SYSTEM. This, then, involves diseases of the stomach; of the bowels; of the nerves; of the heart; of the lungs; of the blood; of the muscles; of the bones and even of the skin, etc.

If You Value Health, Beware

When the Liver or Kidneys, therefore, are disordered, LOSE NOT A MOMENT'S TIME in setting them right. With White's Diamond Brand Crab Orchard Concentrated Mineral Water which is not a drug—it is Nature's remedy put here for the afflicted, therefore do not get the Laxative habit as physicians everywhere are discarding the use of violent purges in favor of Crab Orchard Mineral Water which has the endorsement of the highest Medical Authorities.

SOLD AT ALL DRUG STORES AT 50 CENTS A BOTTLE.

Kentucky Made Vehicles for Kentucky People at Wholesale Factory Prices

Read What Customers Say

James E. Gray, Waterford, Ky., says: "My buggy arrived in Taylorville safely and without being damaged in shipment. Now, I want to tell you I am well pleased with it. I am sure I could have purchased no such buggy of any other firm or factory for a price so reasonable. It is not only well made and stylish, but is a very comfortable one and there is no doubt in my mind but that it will prove to be what it is guaranteed to be. All of the neighbors and friends to whom I have shown the buggy agree with me that it is the greatest bargain, and I suspect it will only be a short time until you will have some orders from this part of the country. I am going to do my best to advertise your splendid buggy, for I feel that you have proven a friend to me by sending such a buggy, therefore I shall encourage and make as many sales as possible to show my appreciation."

T. C. Williams, McDonald, Tenn., writes: "I received my buggy all O. K. and find it is a dandy one and everyone who has looked at it has passed a compliment on it. It is a well-built vehicle and I am well pleased with it. I hope that I may be the cause of your selling more in this country."

Edward Thornton, Fox Chase, Philadelphia, Pa., says: "I find my buggy sizes up to every feature you claim for it. It is very comfortable. I have ridden 25 miles at a time with no fatigue. I was somewhat pessimistic and inclined to take some of your strong assertions with precaution, not having purchased many goods from advertisements. From your manly, straight-from-the-shoulder correspondence, I was persuaded to send my order. I am fully convinced your method of doing business has been the secret of your success, and when next in the market for a carriage the order is sure to go to you."

A. F. Carpenter, Wolfstown, Va., writes: "I received my buggy the first of September. Since that time have given it a thorough road test and I find it exactly as you represented it to me. I am perfectly satisfied with it in every respect—in fact, I have seen none that equals it for a much higher price, and I feel I have value received for every cent of my investment."

Edgar M. Hunt, Sanders, Ky., says: "I like my buggy and harness fine. I like it better than any buggy I ever saw. Several people who have seen my buggy talk like they would order a buggy from you in the spring. You can use my name in advertising if you wish to do so. Please send Mr. D. K. Davis a catalog of your buggies, as he asked me to write you for one."

Emory M. McCord, Greenwood, S. C., writes: "We are more than pleased with the buggy you shipped us the first of June, and now it is December 6th, and every one who sees it wants to know where we got it. We have had a good many to ask how much we paid for it and they seem to be more than surprised at the price paid for such a pretty buggy. A friend bought a new buggy after we got ours and paid \$115.00 for it without harness. When we got ready for another new buggy we will not think of buying from anyone but you. I am sending you names of friends. I do hope you will be able to sell each a new buggy."

Marcus A. Whistler, Jamestown, Ind., says: "Buggy and set of driving harness received the 17th. Am well satisfied with both and must say that the harness and buggy are certainly made with great care, both workmanship and selection of material. I would like for your painter to send me some brown paint, just a very small amount to apply to a few places I notice have been marked by shipping. Any time I can be the cause of an order being sent you by my friends, I will consider I have helped both them and yourself."

Lawrence Melugin, R. F. D. No. 1, Reeds, Mo., writes: "I am mailing you a picture of myself, horse and buggy which I bought from you some time ago. It isn't a very good picture, but maybe it will give you an idea. You never mind what the picture cost for I think you have done me enough favors and gave me such a good bargain on that rig that the pictures shall not cost you anything. I am not in the habit of bragging on anyone, but I will when it is worth while."

Yes Sir: We save you all Agents', Dealers', Wholesalers' and Jobbers' profits and commissions—we don't have traveling salesmen to stop at expensive hotels, and travel around on high salaries. Our entire business is conducted by mail—we have eliminated every extra and unnecessary expense. We are giving the vehicle buyers of this county the greatest values ever known. We manufacture right here in our own large factory as high grade vehicles as it is possible to produce and sell them to you at the wholesale price and save you all the "rake-off" of the middlemen.

Here Is How Our Plan Hits the Middleman

We have sold hundreds of thousands of dollars' worth of vehicles and harness direct from factory to consumer, and every sale has been a clean-cut straight-from-the-shoulder SMASH between the eyes of some "middleman." We are sorry for this—we regret that our pathway to success should be strewn with wrecked hopes and thwarted ambitions of those who have tried in vain to hold us back. Personally we have nothing against dealers, agents, jobbers, mail order catalog houses and other middlemen, who seek to gather two or three profits, where we are satisfied with one—we are really sorry for them, because they are doing business in the wrong way. A vehicle or set of harness is never worth more than the factory price, and because we save you all the expense and profits of the middlemen, they should not grow peevish and throw things at Bohon, for neither I nor my customers and friends are to blame—it is simply the law of supply and demand at work. Folks will buy where they can get the most for their money. That's the whole matter in a nutshell. Our plan hits the middleman, because the vehicle users of this country have made up their mind to do business on the straight line from factory to user, rather than on the zig-zag line from maker through traveling salesmen, jobbers, dealers, agents or catalog supply houses to user. Is there a reason?

You must either buy directly or indirectly—you must either pay three profits or one profit on your vehicles and harness. When a dealer buys a vehicle, he buys indirectly and absolutely must pay two or more profits before he takes the vehicle from the crate. Now, if you buy of a dealer, you must not only pay these two or three profits, but in addition, you must pay the dealer's profit and also his selling expense extra—four profits in all. When you buy of us, you buy directly—you pay one small profit. Our price to you is less than dealers can buy vehicles for spot cash in carload lots. Don't let the price-boosting middleman throw dust in your eyes—find out for yourself—get the facts, then decide. If you do this, you will surely buy of Bohon and save agents', dealers', jobbers' and salesmen's commission.

Sixty Days Free Road Trial

Life Long Guarantee Backed by Our \$30,000 Bank Bond

Every "Blue Grass" is sold on 60 days' free road trial. We want you to try it as your own—submit to any test and then decide whether you want to keep it. Compare it closely point for point with other vehicles in your neighborhood, either in use or offered for sale, and if you are not fully convinced that we have furnished you the best made, the handsomest finished, the easiest riding and the lightest running buggy you ever saw, and if you do not think that by dealing direct with our factory you have saved at least \$25.00 to \$40.00—if in fact, for any reason you are not perfectly satisfied, and if the vehicle is not exactly as represented and in strict accordance with our claims—we will take it back and stand all the loss. If after the trial you keep it—as we know you will—you are absolutely protected against any loss or trouble resulting from defective material or workmanship—for if ever at any time—it matters not when, whether one, two, three, five or ten years—any piece or part proves imperfect, we will replace or repair it free of charge. As an absolute protection to you, under this guarantee, we have deposited with the Mercantile National Bank of this city, our legal binding bond for \$30,000, and if we ever make a claim under the guarantee that we did not carry out, we can be made to forfeit this bond. Just stop and think what this means to buy a vehicle under a life-long, unlimited guarantee, backed by a bank bond. If we did not make as fine vehicles as it is possible to produce—how could we make such an offer?

OUR LARGE MODERN FACTORY

Our large, modern factory is just as up-to-date as any in the United States. We have every facility for manufacturing high-grade vehicles at the lowest cost of production. Please don't confuse our factory with some of the small repair shops here in Central Kentucky that possibly assemble one hundred vehicles in the course of a year, for we manufacture them by the thousands and sell them all over the United States, as well as in many foreign countries. We have every new labor-saving machine, every practical arrangement known. We have here as fine a collection of vehicle builders as was ever gotten together by any firm anywhere. They are men of

experience and ability, clean, moral and conscientious—they are men who like their work. Visit our office and factory if you can, and see for yourself how Bohon vehicles are made. Our factory is of personal and vital interest to you and every other vehicle user who wants to know the facts about why and how Bohon makes the best style vehicles, maintains the very highest quality and undersells the world. If every vehicle user in Kentucky really knew the truth and facts about the wonderful values we give—in spite of our already tremendous business—we would have to increase our factory, at least ten to fifteen times in order to supply the demand.

Come to See Us--Visit Us at Our Factory

Why not make us a visit? Come to Harrodsburg and see for yourself—look our factory over. Examine the high-grade material we use—go through our model factory from end to end and see our vast force of high-class skilled mechanics turning out as fine vehicles as are being made in the world. If you can't come, send a postal today for our large free catalog. Without doubt it is the finest book on vehicles ever issued, and we want you to have a copy. It shows views of construction and our superior equipment—it shows in colors how our vehicles are painted and upholstered and has more styles than you will find in twenty dealers' stores. Here is a picture of the cover of this catalog.

It is the most elaborate vehicle and harness catalog ever published—it is a regular vehicle and harness encyclopedia. A postal card with your name on it will bring you this book by return mail with all postage paid.

Some people are pretty hard to convince, especially when they don't want to be. Like the old backwoodsman on his first visit to the circus for instance. He walked cautiously around the giraffe, and the tail felt on one side and down the other for about five minutes; then shifted his quid from one side of his mouth to the other, took off his glasses, wiped them carefully, and turning to the attendant said:

"Huh! There Ain't No Such Animal!"

That old fellow reminds me of the people who say "Bohon has no factory; Bohon's vehicles lack quality; made to sell, not to wear, etc."

The only difference is that the old backwoodsman was trying to deceive himself—he honestly thought his eyes were playing tricks—while the fellow who says, "Bohon does not make the highest grade vehicles in his own factory right here in Harrodsburg," is trying for a selfish purpose to deceive you.

Don't let the dealer, agent or middleman throw dust in your eyes. Get the FACTS—know for yourself, for any agent or dealer that tells you that we do not manufacture our vehicles right here in our own factory—does so in order to sell you a vehicle and pocket a big profit. We have here a factory equal in equipment to any vehicle factory in the United States—BAR NONE.
